

Melt Blown PP Filter Cartridges

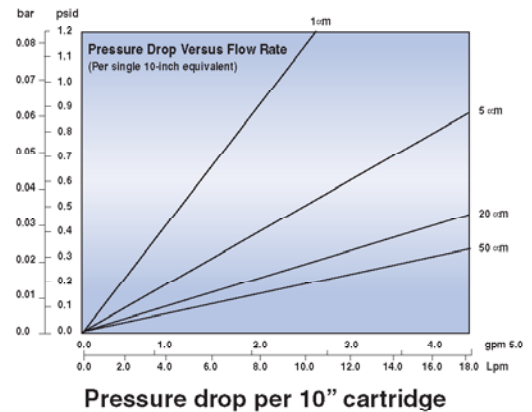

Exceptional value when depth filtration is desired

Features & Benefits

- Thermally bonded polypropylene micro fibers for purity and chemical compatibility
- Contains no binders, agents, solvents, antistatic materials or wetting agents
- Meets FDA requirements for food & beverage contact
- No leachables or extractables to contaminate
- Long life and increased dirt holding capacity
- No surface binders to reduce flow and increase change-out frequency
- Available in wide range of lengths and micron ratings

Applications

- Food and beverages
- Pre-RO
- Oil and gas
- Fine chemicals
- Electronics
- Metal finishing
- Pulp & paper

Part numbers

Part Number	Length	OD	Micron	No. / case
SPSF1-5	5"	2-1/2"	1	80
SPSF5-5	5"	2-1/2"	5	80
SPSF20-5	5"	2-1/2"	20	80
SPSF50-5	5"	2-1/2"	50	80
